## AN IMPEACHMENT RESOLUTION

Senate Amendments to the "Filled Cheese" Bill, for Raising Revenue, Defeated.

WASHINGTON, May 23.—The time of the House again today was devoted wholly to the consideration of conference reports. The final report of the river and harbor bill, carrying the compromise proposition relative to the rival Santa Monica and San Pedro harbors, California, was adopted without division. The bill now goes to the President. As finally passed, it carries \$12,850,000 in direct appropriations, and authorizes contracts to the extent of \$50,000,000.

The final report on the executive, legislative and judicial bill was also adopted. The bill as it goes to the President carries \$23,620,000, \$370,000 less than the bill of last year.

The sundry civil and Indian appropriation bill was sent back to the conference. Mr. Sherman, Republican of New York, chairman of the committee on Indian affairs, presented the conference report on the Indian bill. The report agreed to all the items save those relating to the continuation of the Dawes commission, the Cherokee and the Chickasaw school question, and the payments to the Old Settlers' association.

Mr. Sherman then moved that the house concur in the senate amendment relative to sectarian schools. By both the house and senate amendments, Mr. Sherman explained the policy of the house provision and the motion was carried on a rising vote, 115 to 26.

The session was opened by a senatorial attempt to amend the constitution of Alabama to secure consideration of a resolution to impeach President Cleveland on eleven counts. The resolution was as follows:

I do hereby impeach Grover Cleveland, President of the United States of America, of high crimes and misdemeanors on the following grounds:

First.—That he has sold or aided in the sale of bonds at less than their market value.

Second.—That he has sold or aided in the sale of bonds at less than their market value.

Third.—That he directed the misappropriation of the proceeds of said bonds.

Fourth.—That he directed the secretary of the treasury to issue bonds in which makes United States notes and treasury notes redeemable in coin.

Fifth.—That he has ignored and refused to have enforced the anti-trust law.

Sixth.—That he has sent United States troops into the state of Illinois without authority of law and in violation of the constitution.

Seventh.—That he has corrupted politics through his interference with federal officers.

Eighth.—That he has used his appointing power to influence legislation, contrary to the welfare of the people; therefore, be it.

Resolved, By the house of representatives that the committee on judiciary be directed to ascertain whether these charges are true and if so, report to the house such action by impeachment or otherwise, as shall be proper in the premises, and said committee shall have authority to send for persons and papers.

When the clerk read the resolution, it was suddenly taken off the floor by Dingley, the floor leader of the majority, who raised the question of precedence against the resolution. The question was promptly put and by a practically unanimous vote the house declined to give Howard a hearing.

At 5:30 the house adjourned.

SENATE.

WASHINGTON, May 22.—The day in the senate was consumed by the "filled cheese" bill and the second installment of the speech by Mr. Allen, Populist of Nebraska, on the Butler bill to prohibit the issue of bonds without the authority of congress.

On the ground that the "filled cheese" bill was a revenue measure, several amendments to raise revenue were offered, but all failed.

One by Mr. Mills, Democrat of Texas, to impose a 5 per cent internal revenue tax on all products in excess of \$10,000 from annual establishments manufacturing or producing any of the following: beer, ale, cotton, wool, hemp, silk or flax, was laid on the table by a vote of 42 to 15. Amendments by Mr. Allen, Populist of Nebraska, for an additional internal tax of \$1 a barrel on beer, ale and porter, and by Mr. Gray, Democrat of Delaware, for an internal duty of 10 cents a pound on tea, were lost.

The "filled cheese" bill was then brought to the floor. Mr. Allen devoted himself to the silver question and the platform of the Populist party. He was much harassed by Messrs. Gray, Hill, Chandler and Hoar, and other senators, who sought to make sport of the Populist tenets, so that the speech became a decidedly informal dialogue.

When Mr. Hill quoted Mr. Tillman as an authority to the effect that the Populists demanded an indefinite issue of paper money, Mr. Allen replied: "The senator from South Carolina is a delegate to the Chicago convention and a member of the Democratic party."

"I don't know how long he will remain such," remarked Hill. Incidentally Mr. Hill declared that the Populists had never done a better thing than to call a special session of congress to repeal the Sherman silver purchasing law, whereupon Mr. Allen remarked: "He has not done any more intelligent thing in the past three years."

Mr. Allen referred to Mr. Hill as the able and conscientious champion of the President, and said that the relation existed between Mr. Hill and the President which characterized David and Jonathan.

The bill to incorporate the national university was then passed.

Bills to authorize the reorganization of the Atlantic and Pacific Railroad Company under the present charter; to refer the claim of the owners of the ship Tally Ho, sunk by the United States

## STEAMER PINTA IN 1891, to the court of claims, were passed.

The senate passed forty private pension bills in as many minutes without objection, thus clearing the calendar, and authorized the publication of a public document of Governor Alge's reply to Secretary Carlisle's recent financial speech, because the latter had been printed.

At 5:30 p.m. the senate adjourned.

## FIRE AT DELANO.

Several Thousand Dollars Worth of Property Destroyed.

DELANO, May 23.—Fire broke out in J. T. Tompkins' chop house this afternoon and before being brought under control several thousand dollars worth of property was destroyed. The losers are J. R. Withrow, cigar and variety store; J. M. Correll, two buildings; W. H. White, building; L. L. Watts, meat market; C. L. Robertson, real estate office; J. T. Tompkins, chop house. Withrow, the heaviest loser, had only \$200 insurance on his stock. The buildings were all frame and very little of the property destroyed was insured. The blaze started from a can of gasoline in Tompkins' place of business.

Killed by a Train.

STOCKTON, May 23.—Michael Arbanian was killed by the Milton train this afternoon at 3 o'clock. The accident happened at Waverly, about twenty miles from Stockton. The team which Arbanian was driving became frightened and tried to cross the track above the train. The horses got across, but the engine struck the wagon. The force of the impact drove Arbanian's head against a bolt in his wagon, which smashed his skull back and he was picked up dead when the train stopped. He was a member of the Foresters' order in Oakland.

SANTA ANA, May 23.—The Democratic convention of Orange county today elected the following delegates to the state conventions: W. H. Spurgeon, George Minter, William McFadden, Charles Edelman and H. A. McWilliams.

High School for Lodi.

LODI, Cal., May 23.—The citizens of Lodi today voted upon a high school. The plan carried by a large majority. Considerable ill feeling was aroused and a hard fight was given the opposition.

## SALT LAKE'S SENSATION

## A Minister Charged With Murder.

## HOTSPRINGS' MAYOR IN TROUBLE

Out a Drummer's Throat With a Pocket Knife and Is Under Arrest.

SALT LAKE, May 23.—A local paper prints a story which may develop into a sensation. Foul play is claimed in the somewhat mysterious disappearance of Miss Henrietta Clausen, who has not been seen since September last. She was at that time taking care of the apartments of Rev. Francis Hermann, pastor of the First Scandinavian Methodist church of this city. A recent inspection of the grate of the furnace in the building reveals two razors, a butcher knife, garter and belt buckles and charred bones. The bones have been turned over to physicians and the police department is making a rigid investigation.

The janitor of the building says that about the time of the disappearance of Miss Clausen, the pastor of the church fired up the furnace in the basement and kept it running all day.

Miss Clausen, a friend of the pastor, also disappeared last January. The last heard of the pastor he was in Kansas City on his way to Iowa.

A warrant was sworn out tonight for the arrest of Francis Hermann upon an information charging him with murder. The warrant is signed by D. H. Weeger, city magistrate, upon the complaint of John Hansen, who is the latest man who saw Miss Clausen before her disappearance from the city.

Under date of May 9th, Hermann wrote a letter from Kansas City to the present presiding elder of the church above named, enclosing a tax ticket which is claimed by the police department to have been given for a gold ring and gold watch, the property of Miss Clausen, who disappeared on January 20th last.

A box containing poisonous drugs has been found in the room formerly occupied by the pastor.

Hermann is a man 45 years of age, 5 feet 8 inches high, weighs 160 pounds, sandy hair and mustache, wears gold glasses, and is well known in Kansas City and Minneapolis.

A MAYOR'S CRIME.

Hot Springs, Ark., May 23.—Mayor W. W. Waters of this city, at 9:30 tonight, killed Henry Martin, a doctor's drummer, on the street by cutting his throat with a pocket knife. The killing grew out of the war being waged on the drums by the city authorities.

Martin accused Waters on the street and was killed. The mayor was seen to draw his knife and cut Martin's throat from ear to ear. The mayor was arrested and is at the sheriff's house tonight.

Mayor Waters gained national notoriety through his connection with the Corbett-Fitzsimmons fight.

General Fairchild's Death.

MADISON (Wis.), May 23.—General Lucius Fairchild, commander-in-chief of the Loyal Legion and ex-commander-in-chief of the G. A. R., died at 4:40 tonight at his residence in this city. General Fairchild has suffered from the effects of the grippe for several weeks and a month ago the ailment was complicated by kidney trouble. Until five days ago it was thought he would recover. At noon today there was a change for the worse and at 4 o'clock he sank into a comatose condition and did not regain consciousness. His wife and daughters were present when he died. No arrangements have been considered for the funeral.

Wife Murder and Suicide.

Both died instantly. The wife was only nineteen years of age. Little had been insane for some time and a contract was made by his way to arrest him for insanity when the crime was committed.

Mill Stopped by Police.

NEW YORK, May 23.—The police stopped the fight between Frank Ryan and Buffalo and Jack Downey of Brooklyn at the Empire theater in Brooklyn tonight in the eighth round, and the fight was declared a draw. Both men were slugging furiously.

AFRAID OF DETECTIVES.

The Peculiar Disappearance of Emil Kirchner.

Last Wednesday night Emil Kirchner, a man about forty years of age, called at the jail and asked to be taken in, stating that he was being pursued by detectives. He was permitted to sleep in the building and on Thursday morning returned to his work at the bottling works on Kern street, between I and J. At noon he went away on his bicycle, and he has not been seen since.

He failed to return, and his friends searched in vain for him. Last night the authorities received word that the missing man had just arrived at Cleveland, having come down from Pine Ridge on the foot plank of the frame. He had walked to Pine Ridge, Ariz. He was still trying to escape from imaginary detectives. His friends believe that his mind is temporarily unbalanced. They will bring him to Fresno and take care of him.

## TO RECOVER TAXES.

Kern County Sued by Land and Canal Companies.

BAKERSFIELD, May 23.—The Kern County Land Company and nine canal companies began suits today against Kern county to recover taxes paid last year under protest. In 1895 Assessor Scott made arbitrary assessments in these cases, claiming the companies did not furnish sworn statements required by law.

When taxes came due the companies paid under protest, and have now begun suits to recover what they think was excessive. The canal companies filing suits are all controlled by the Kern County Land Company, though many farmers hold some of the stock in each canal. The total amount claimed amounts to about \$70,000.

Henry Miller, representing Miller & Lux and two canal companies, has begun similar suits today against the county to recover taxes paid last year under protest. In 1895 Assessor Scott made arbitrary assessments in these cases, claiming the companies did not furnish sworn statements required by law.

When taxes came due the companies paid under protest, and have now begun suits to recover what they think was excessive. CLEVELAND REFUSES.

Will Not Furnish the Senate With Cuban Correspondence.

WASHINGTON, May 23.—Responding to the resolution adopted by the senate on the 16th instant in regard to the treatment of American citizens in Cuba, and requesting copies of the correspondence of the state department upon this subject, President Cleveland today refused to send a message declining to furnish the correspondence and saying that he considered it incompatible with the public service to do so at the present time. He forwarded literal copies of the original text of the protocol of the conference and declarations concerning judicial procedure of 1877 signed by Caleb Cushing and John Sherman, and the Spanish government, which was requested by the same resolution.

BRUTALLY BUTCHERED.

AN INOFFENSIVE FISHERMAN MURDERED AT SANTA ANA.

His Head Split With a Hatchet and Throat Cut From Ear to Ear.

SANTA ANA, May 23.—Pete Julian, known as French Pete, an inoffensive fisherman, was most brutally and foully butchered in his cabin last night. Newport beach. The murderer stole into the cabin late at night and taking Julian's own hatchet from a nail on the wall at the head of the bed on which the victim was lying, buried its blade deep in the head of the sleeping fisherman. Then lunging the hatchet back on the nail, he cut the victim's throat from ear to ear, and severed the arteries in both wrists and upper arms.

McEWEEN'S LETTER.

The Big Democratic Fight Over Silver.

EQUAL SUFFRAGE AND THE A. P. A.

A Genuine Bohemian Was "Pete"

Bigelow—Yellow Shoes and White Vests for Republican Delegates.

SAN FRANCISCO, May 23.—It is no longer likely that the Democratic State convention will be a harmonious body. The expectation of Garin McEwen and other local leaders, expressed to me last week, that whatever disagreement there might be in the party on the financial question would lead to friendly compromise rather than war, is not being realized. Yesterday McEwen said that he hoped for a plank in the platform that would be as satisfactory as practicable to both sides, and that a mixed delegation would be sent to Chicago.

His idea is that, counting the state of opinion in California, the question of national finance had better be left to the national convention. But I had hardly left McEwen when I encountered Commodore Sam Benham, who holds a commission from the harbor board, and he was booming for free silver. "McEwen, Pond, Daggett and the other gold men," he said, "fool themselves when they think the silverites are not going to put up a battle. We want the Democracy of this State to declare for free silver in the platform and I, for one, am going to advocate that over the top of the convention. We are in dead earnest and want no straddle. It is the duty of the Democrats of California to let the national convention know how they feel on silver. The silver issue of the party and some others, who are good enough to be goldbugs, but the rank and file are for silver. We ought not to be behind the Republicans in the procession against it. It is developing, also, that opposition to a woman suffrage plank is making headway, and that the chances are now that the platform will carry the silver issue or pronounce against it. The leaders are beginning to think that they may be able to take the German vote and the saloon vote away from the Republicans by advocating the suffrage amendment. "The German," said one Democrat of influence, "are intensely hostile to anything in the way of suffrage legislation, and they believe that if the women's cause does not stand by the platform, they will vote for the Democrats on general principles, are goldbugs, but the rank and file are for silver. We ought not to be behind the Republicans in the procession against it. It is developing, also, that opposition to a woman suffrage plank is making headway, and that the chances are now that the platform will carry the silver issue or pronounce against it. The leaders are beginning to think that they may be able to take the German vote and the saloon vote away from the Republicans by advocating the suffrage amendment."

Democratic instinct is apparently averse to the female voter. The thought of her exercise of suffrage and alarm. I heard an exceptional Democratic holding forth in a hotel early in the night. "I'm in favor of giving them the ballot," he said, "and just for the same reasons that I have for opposing it. I have heard that the ladies are going to vote for the Democrats on general principles, are goldbugs, but the rank and file are for silver. We ought not to be behind the Republicans in the procession against it. The leaders are beginning to think that they may be able to take the German vote and the saloon vote away from the Republicans by advocating the suffrage amendment."

There is growing about the contemporary movement of the Cleveland ally. [Continued on sixth page.]
